

Wednesday 6th January 2021

Dear Parents and Carers,

Remote Learning

Thank you all for your support and engagement today with the start of our remote learning. The children have been magnificent and it has been great to pop onto Showbie and Tapestry to see so much activity going on. We do understand that, whatever your circumstances, supporting learning at home is never easy. Please do reach out should you need any further support at all and remember that it is important to find an approach that works for your household. <https://www.penpolschool.co.uk/remote-learning/>.

Resources

We are hoping to access further digital devices for pupils most in need. If your child does not yet have access to a device (tablet, laptop or PC) at home, please do get in touch and we will do our best to help. Similarly, if you do not have access to the stationary your child needs, please let us know.

Lunches

If you have pre-ordered school dinners for your child on the Aspens website, please do cancel these until the February half-term to avoid being charged.

If your child is attending our key worker provision at school, please do continue providing a packed lunch from home for the time being. We are working with Aspens to plan the best route forward in reopening our school kitchen and will let you know as soon as this is ready.

We are working hard to make arrangements for our families who are entitled to means tested free school meals and will keep you updated in the next few days. In the meantime, if you are finding it difficult to access food or other necessities, please do not hesitate to get in touch. We can help.

Very best wishes,

Chris Chislett
Headteacher
