

Accelerated Reader

Dear Parents/ Carers,

Once children have completed the Read Write Inc. programme, they will have access to Renaissance Accelerated Reader. Accelerated Reader is a tool where child can read books at their appropriate reading level and can take online quizzes to check their understanding. Children respond to regular feedback and are motivated to make progress with their reading skills. If you would like to see an example of the quiz, please click on this link: <http://www.renlearn.co.uk/reading/sample-quizzes/>

Class teachers receive a comprehensive set of reports which reveals how much a child has been reading, at what level of complexity, and how well they have understood what they have read. This helps teachers to track children's progress and identify the best way to support the children's reading development.

Children take a Star Reader quiz four times a year (beginning of autumn term, end of autumn term, end of spring term and end of summer term). The Star Reader quiz generates a Zone of Proximal Development (ZPD) range. The Zone of Proximal Development (ZPD) defines the readability range within which children should read to best develop their reading, while avoiding frustration. Children are encouraged to read a wide breadth of texts from fiction to non-fiction.

To support your child's reading, please facilitate daily reading at home, wherever possible.

If you have any questions, please get in touch.

Best wishes,

Rebecca Best
