Exploring in Year 1

During Plan, Do, Review, Year 1 has explored light and dark, using shadows to create silhouette artwork. They have also developed their fine motor skills through playdough activities.

In Forest School, the children have been counting in Cornish and finding the matching number of natural objects.

Year 4 PE lesson

Year 4 have been enjoying developing their hockey skills in the sunshine this week, showing our Penpol Values of Friendship, Creativity and Resilience.

Nursery's Autumn Trip

Our Nursery children enjoyed their first trip of the term with a lovely autumn walk to the Millpond! The children had a wonderful time exploring the local area, looking for signs of autumn and noticing the changes happening in nature around them.

Wilfred's Word of the Week

Omglew Da! - Good Vibes!

Year 2 to St Michael's Mount

Year 2 had a fantastic time on their trip to St Michael's Mount! The children loved exploring this incredible Cornish landmark and experiencing some of our local history first-hand. They enjoyed taking in the beautiful surroundings and making connections between their classroom learning and the world around them.

Year 6 Den Building

Year 6 have been busy building dens during their Forest School session, imagining that they are air raid shelters. This links beautifully with their current learning about World War II and has given the children a hands-on way to bring their topic to life.

Reminder - Fidget Tools

We understand that fidget tools can be really important in helping some children to regulate, concentrate and feel ready to learn. We have a range of appropriate fidget tools available in school and will provide these for children who need them. We therefore kindly ask that fidget toys are not brought in from home, as they can sometimes become a distraction or get lost.

Thank you for your understanding and support.

MENTAL HEALTH SUPPORT TEAM - MHST

NHS Cornwall Partnership NHS Foundation Trust

Join us for our 5-week online **Parent-Led CBT** or **Behavior as Communication.**

Sessions are available on Tuesdays or Wednesdays beginning 10 November 2026 at 10am or 1pm.

Parent-led cognitive behavioural therapy (CBT) is a short psychological intervention that helps parents and carers apply CBT principles in their child's daily life, to support with childhood worries.

Behaviour as communication provides parents with some practical strategies to foster positive behaviour and communication at home.
